

EZ TAG[®] TEMPLATE

MOUNT ON THE INSIDE OF YOUR WINDSHIELD

PLACE EZ TAG[®] INSIDE THIS OPENING

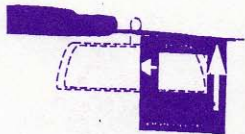

Place this
edge to
right side of
rear-view
mirror arm.

UP

Adjust appropriately to ensure EZ TAG does not interfere with driver's view of highway or clear view of intersections.

1. **Clean** and **dry** the inside top of windshield to right of rear-view mirror arm.
2. **Remove** the plastic strip from the back of the adhesive on the EZ TAG.
3. **Position** the EZ TAG in the windshield below upper tinted area, with the left of the template touching the right side of rear-view mirror arm. Be sure the TAG's instruction sticker is right side up.
4. **Press** the TAG firmly against the glass. Installation is complete.
5. **To remove the TAG**, pull the TAG directly away from the windshield.
