BARBARA J. SCHOTT, C.P.A.
HARRIS COUNTY AUDITOR

August 28, 2014

Honorable District Judges of Harris County, Honorable Members of the Harris County Commissioners Court, and Citizens of Harris County, Texas

The Harris County Auditor's Office (the "Auditor's Office") is pleased to present the Basic Financial Statements of the Harris County Toll Road Authority Enterprise Fund (the "Authority"), a department of Harris County, Texas (the "County") for the fiscal year ended February 28, 2014. This report is submitted in accordance with Section 114.025 of the Texas Local Government Code and was prepared by the staff of the County Auditor's Office.

The report consists of management's representations concerning the finances of the Authority. Therefore, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. We believe the information and data contained herein is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the Authority in accordance with generally accepted accounting principles in the United States of America ("GAAP"). All disclosures necessary to enable the reader to gain an understanding of the Authority's financial activities have been included, beginning with Management's Discussion and Analysis ("MD&A") on page 7.

Management of the Authority has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the Authority's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Authority's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements are free from material misstatement.

The Authority's financial statements were audited by Deloitte & Touche LLP, an independent audit firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Authority for the fiscal year ended February 28, 2014 are free of material misstatement. The independent auditor concluded based upon the audit that there was a reasonable basis for rendering an unmodified opinion that the Authority's financial statements are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

PROFILE OF THE AUTHORITY

History

The Harris County Toll Road Authority was established in 1983 by the Harris County Commissioners Court pursuant to Chapter 284 of the Texas Transportation Code. Also in 1983, Harris County voters

authorized issuance of up to \$900 million in bonds to construct, operate and maintain toll roads in Harris County. The first two components of the toll road system, the Hardy Toll Road and the Sam Houston Tollway-West were completed in 1987 and 1990 respectively. In 1994, the County purchased the Jesse H. Jones Memorial Bridge toll facility from the Texas Turnpike Authority, which was renamed the Sam Houston Ship Channel Bridge. In 2004, the Harris County Toll Road Authority opened the Westpark Tollway; in April 2009, the Katy Managed Lanes were opened for full operations; and in February 2011, the 13-mile Sam Houston Tollway Northeast section opened with all-electronic tolling.

Authority Structure and Services

The Authority, a division of the County's Public Infrastructure Department, is an enterprise fund of the County and relies on charges from users of the toll road system to fund operations, debt service, and future projects. The Authority is organized under the Public Infrastructures Department's Executive Director, Arthur L. Storey, Jr. The Authority improves mobility in the Greater Houston Metropolitan area through excellence in the operation of urban toll highway systems, while upholding a commitment to leadership, public service and quality of life.

Budget Process

In accordance with Chapter 111 of the Local Government Code, the County prepares and adopts an annual operating budget which serves as a financial plan for the Authority for the new fiscal year beginning March 1. After adoption of the budget by Commissioners Court, the County Auditor is responsible for ensuring expenditures are made in compliance with budgeted appropriations. The level of budgetary control for the Harris County General Fund is at the department level; for other funds budgetary control is implemented at various levels. For example, budgetary control for debt service funds is at the individual bond issue level. The Authority's budget is at the fund level. Commissioners Court may also adopt supplemental budgets for the limited purposes of spending grant or aid money, for capital projects through the issuance of bonds, intergovernmental contracts, and new source revenue not anticipated at budget adoption. Purchase orders and contracts are not valid until the County Auditor certifies availability of funds for payment of the obligation. Encumbrance accounting is utilized to ensure effective budgetary control and accountability.

INFORMATION USEFUL IN ASSESSING ECONOMIC CONDITION

Local Economy

The Houston – Sugar Land – Baytown Metropolitan Statistical Area (“Houston MSA”), the fifth largest metropolitan area in the United States, had nearly 2.8 million payroll jobs in the fourth quarter of 2013, with 85,800 jobs created in the 12 months ending April 2014. The Houston MSA's gross area product in 2013 was \$522.9 billion and is expected to more than double from 2015 to 2040, according to the Perryman Group.

The Houston Association of Realtors reported that the inventory of homes in May 2014 was 2.8 months supply compared with 3.3 months in May 2013. This lower supply of homes contributed to the jump in the average price of a single-family home to \$280,346 in May 2014, a 9.6 percent increase from May 2013.

Catalysts for growth in Harris County, the Port of Houston and the Houston Ship Channel are vibrant components of the regional economy. The Port of Houston is a 25-mile-long complex of diversified public and private facilities along the Houston Ship Channel. In 2011, the Port was ranked first in the United States in the volume of foreign tonnage and second in the United States in total tonnage.

In addition to the County's moderate climate and diverse economic base, it offers a modern and efficient infrastructure for people working and doing business in the County. This includes local government that encourages business development, high capacity freeways, major rail lines, and state of the art telecommunication services. George Bush Intercontinental Airport, located approximately 23 miles north

of downtown Houston, is the eleventh busiest airport in the U.S. for total passenger traffic and the eleventh largest international air cargo gateway.

As of the 2010 U.S. Census, Harris County had a population of 4.1 million, making it the most populous county in Texas and the third most populous county in the United States, ranking behind Los Angeles County, California and Cook County, Illinois. Twenty-six companies on the 2014 *Fortune 500* list are headquartered in the Houston – Sugar Land – Baytown Metropolitan Statistical Area. Only two metropolitan statistical areas have more *Fortune 500* headquarters: New York with 72 and Chicago with 33.

Educational opportunities play a key role in Harris County’s quality of life. The County has a number of acclaimed school districts and outstanding colleges and universities. Major institutions of higher learning include Rice University, Texas Southern University, University of Houston, University of St. Thomas and Houston Baptist University. Houston’s three medical schools are the University of Texas Medical School, Baylor College of Medicine, and the Houston Campus of the Texas A&M Health Science Center College of Medicine.

Financial Policies and Long-Term Financial Planning

Some of the County’s financial policies and strategies are:

- The County will continue to focus on building reserves to maintain financial stability, maintain current high bond ratings and continue to reduce the need for short-term borrowing under tax anticipation notes;
- Tax anticipation notes for annual cash flow purposes will be issued for the general operating fund; and
- A new Repair and Replacement Committee will be established to accumulate, evaluate and prioritize repair and replacement projects and make recommendations to Court.

Authority funds available for investment under the County’s investment program as of February 28, 2014 totaled \$1,216 million with investment earnings of \$5.1 million for the fiscal year. The average yield and maturity of such investments were 1.1% and 9.3 years.

The County provides retirement, disability, and death benefits for all of its employees (excluding temporary) through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (“TCDRS”). The County has elected the annually determined contribution rate (“ADCR”) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the County’s contribution rate is actuarially determined annually. The contribution rate payable by the employee members for fiscal year 2014 was 6%. In addition to providing retirement benefits, the County provides certain healthcare and life insurance benefits for retired employees. Additional information regarding the County’s retirement plan and other post-employment benefits can be found in Notes 9 and 10 of the notes to the financial statements.

Major Initiatives

The Authority continues moving forward on projects authorized by Commissioners Court including the Hardy Toll Road Downtown Connector and widening portions of the Sam Houston Tollway. Harris County also plans to contribute \$200 million towards the Texas Department of Transportation’s reconstruction of U.S. 290.

ACKNOWLEDGMENTS

I wish to express my gratitude to the Commissioners Court, District Judges, and other County and District officials and departments for their interest and support in planning and conducting the financial affairs of the Authority in a responsible and professional manner.

REQUEST FOR INFORMATION

This financial report is designed to provide an overview of the Authority's finances for individuals who are interested in this information. Questions concerning any of the data provided in this report should be addressed to the County Auditor's Office, 1001 Preston Suite 800, Houston, Texas 77002. Additional financial information is provided on the County Auditor's webpage which can be accessed from the County's website, www.co.harris.tx.us.

INDEPENDENT AUDITORS' REPORT

County Judge Ed Emmett
and Members of Commissioners Court of Harris County, Texas:

Report on the Financial Statements

We have audited the accompanying financial statement of net position of the Toll Road Authority (the "Authority" or "Toll Road") Enterprise Fund of Harris County, Texas (the "County"), as of February 28, 2014, and the related statements of revenues, expenses, and change in net position and of cash flows for the year then ended, and the related notes to the financial statements, which collectively comprise the Toll Road's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of Toll Road as of February 28, 2014, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the basic financial statements referred to above present only the financial position and results of operation of the Toll Road and are not intended to present the financial position and results of operations of the County, in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 7-14, and the Other Post-Employment Benefits – Schedule of Funding Progress, and the Texas County and District Retirement System – Schedule of Funding Progress on pages 43-44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Toll Road's basic financial statements. The Introductory Section and Other Information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Deloitte & Touche LLP

August 28, 2014

***Toll Road Authority Enterprise Fund of Harris County, Texas
Management’s Discussion and Analysis
Year Ended February 28, 2014
(Unaudited)***

This section of the Toll Road Authority Enterprise Fund of Harris County financial statements presents management’s discussion and analysis (“MD&A”) of the financial performance of the Harris County Toll Road Authority (“Authority”) during the fiscal year ended February 28, 2014.

The Authority is an enterprise fund of Harris County, Texas (the “County”) and is included in the County’s financial statements. This analysis presents information about the Authority and its operations and activities only and is not intended to provide information about the entire County. Please read this section in conjunction with the financial statements and related footnotes following this section.

FINANCIAL HIGHLIGHTS

- Total net position is comprised of the following:
 - (1) Net investment in capital assets, a deficit of \$73,688,301, includes property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets. This category of net position increased \$174,844,727 from the previous year.
 - (2) Net position of \$320,768,085 is restricted by constraints imposed from outside the Authority such as debt obligations, laws, or regulations. Restricted net position decreased by \$97,446,796 from the prior year due to a decrease in the capital projects reserve.
 - (3) Unrestricted net position of \$581,704,580 represents the portion available to meet ongoing obligations of the Authority. Unrestricted net position increased \$31,870,784 from the previous year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Authority’s basic financial statements. The Authority’s basic financial statements are comprised of 1) Financial statements and 2) Notes to the basic financial statements.

***Toll Road Authority Enterprise Fund of Harris County, Texas
Management's Discussion and Analysis
Year Ended February 28, 2014
(Unaudited)***

Financial Statements for the Authority include the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows. Since the Authority is an enterprise fund, its financial statements are presented with a flow of economic resources measurement focus and use the accrual basis of accounting. Funds are a self-balancing set of accounts used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to account for resources that are segregated for specific purposes in accordance with special regulations, restrictions, or limitations. The Authority is used to account for the acquisition, operation and maintenance of toll roads within Harris County.

Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes can be found beginning on page 18 of this report.

FINANCIAL ANALYSIS

The total net position of the Authority exceeded liabilities at February 28, 2014 by \$828,784,364 and \$719,515,649 (restated) for fiscal year ended 2013. Revenues exceeded expenses during the current year, increasing net position by \$109,268,715.

**Harris County Toll Road Authority Enterprise Fund
Condensed Statement of Net Position
February 28, 2014 and February 28, 2013
(Amounts in thousands)**

	2014	2013
Current assets	\$ 1,218,600	\$ 1,275,263
Capital assets, net	2,124,910	1,993,301
Other non-current assets	39,772	70,950
Total assets	<u>3,383,282</u>	<u>3,339,514</u>
Deferred outflows of resources	<u>66,732</u>	<u>121,891</u>
Current liabilities	218,639	195,883
Non-current liabilities	2,346,052	2,466,753
Total liabilities	<u>2,564,691</u>	<u>2,662,636</u>
Deferred inflows of resources	<u>56,539</u>	<u>79,253</u>
Net position:		
Net investment in capital assets	(73,688)	(248,533)
Restricted	320,768	418,215
Unrestricted	581,704	549,834
Total net position	<u>\$ 828,784</u>	<u>\$ 719,516</u>

The largest portion of the Authority's current fiscal year net position is unrestricted net position, which is used for the ongoing operations of the Authority.

Another portion of the Authority's current fiscal year net position reflects its investments in capital assets (e.g. land, improvements, buildings, equipment, and infrastructure) net of accumulated depreciation less

***Toll Road Authority Enterprise Fund of Harris County, Texas
Management's Discussion and Analysis
Year Ended February 28, 2014
(Unaudited)***

any outstanding related debt used to construct or acquire those assets. The main use of these capital assets is to provide services to citizens; consequently, these assets are not available for future spending. There was a decrease in related debt of \$77,054,115, a decrease in unspent proceeds of \$33,818,125, while capital assets increased by \$131,608,737, causing an overall increase in net investment in its capital assets of \$174,844,727. Although the Authority's net investment in its capital assets is reported, it should be noted that resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of the Authority's current fiscal year net position represents restricted net position, which are subject to external restrictions on how they may be used. The Authority's restricted net position is for capital projects and debt service.

*See Note 1 to the financial statements regarding the restatement of beginning net position.

Revenues

Total revenues for fiscal year 2014 were \$616,321,129, an increase of \$27,749,527 in revenues from fiscal year 2013 of \$588,571,602.

The largest revenue source is toll revenue of \$609,965,677 or 99% of total revenues. This revenue category increased \$49,886,495 from fiscal year 2013. This is primarily due to increased usage and rates at the toll plazas. The biggest increases were noted at the Sam Houston North (\$7.7M), Sam Houston South (\$6.8M), Sam Houston Central (\$6.5M), Westpark Tollway (\$4.6M), Katy Managed Lanes (\$3.6M), Hardy North (\$3.0M), Hardy South (\$2.7M) and Sam Houston North/East (\$2.5M). Also, the

***Toll Road Authority Enterprise Fund of Harris County, Texas
Management's Discussion and Analysis
Year Ended February 28, 2014
(Unaudited)***

Sam Houston East had an increase of \$1.8M, and there was an overall increase of \$8.8M from EZ tag fees, unpaid tolls, replacement fees, etc., and interlocal agreement programs.

Other revenues totaled \$1,087,950 or less than 1% of total revenues. Other revenue consists of lease revenue of \$26,700 and miscellaneous revenue of \$1,061,250. Intergovernmental revenue of \$215,786 is less than 1% of total revenues.

Interest revenue for fiscal year 2014 totaled \$5,051,716 and comprises 1% of total revenues. This revenue source decreased \$22,016,666 from fiscal year 2013 of \$27,068,382, partially due to a combination of a decrease in interest revenue from outside sources and a change in investment type which caused a decrease in the FMV adjustment and yield. Some investment types have changed from longer term to short term because Toll Road is proceeding with more “pay as you go” on its projects.

Expenses

For fiscal year ended February 28, 2014, expenses totaled \$386,004,528, and increased \$2,778,239 from fiscal year 2013 of \$383,226,289 (restated).

Interest expense of \$92,818,557 is one of the Authority’s largest expense categories and is 24% of total expenses. Interest expense reflects the interest and fees incurred on outstanding debt balances and activities during the year.

Salaries of \$51,181,705 or 13% of total expenses increased by \$1,594,841 from fiscal year 2013. Services and fees of \$90,902,682 or 24% of total expenses increased by \$9,453,002 primarily due to increased IT costs for the implementation of the new tolling system, an increase in engineering costs for roadway projects and an increase in repairs and maintenance of the roadways.

The remaining 39% of expenses consisted of depreciation (23%), amortization expense (11%), and other expenses (5%) and consists of outlays relative to materials and supplies, utilities, transportation and

***Toll Road Authority Enterprise Fund of Harris County, Texas
Management's Discussion and Analysis
Year Ended February 28, 2014
(Unaudited)***

travel, and loss on disposal of capital assets. All of these expense categories are necessary for the operation of the toll road.

EXPENSES
Year Ended February 28, 2014

Transfers

Transfers consisted only of transfers out of \$121,047,886. The largest component of transfers out was a \$120 million allocation to fund non-toll County road or enhancement projects.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Authority's capital assets net of depreciation as of February 28, 2014 and February 28, 2013, amounted to \$2,124,909,849 and \$1,993,301,112, respectively. These capital assets include land, construction in progress, intangibles, buildings, equipment, and infrastructure. The Authority's capital assets, net of accumulated depreciation/amortization increased \$131,608,737 from fiscal year 2013.

The Authority has a continuing goal to upgrade the Authority's debt rating. The bond rating services of Moody's Investor's Service, Inc., Standard & Poor's Ratings Services, and Fitch IBCA, Inc. have assigned the Authority long term bond ratings of Aaa, AA+, and AAA, respectively, for the Unlimited Tax and Subordinate Lien Bonds and Aa3, AA-, and AA, respectively, for the Senior Lien Revenue Bonds.

See Note 10 to the financial statements for further information on the County's OPEB obligation.

ECONOMIC FACTORS

- Additional non-toll highways, roads and streets, or improvements and expansions to existing free highways, roads and streets that may be constructed by the County, TxDOT, the City of Houston or other public entities may adversely affect the usage of the toll road. TxDOT continues to improve and expand IH-45 and US 59. In particular, IH-45 offers free highway competition to the Hardy Toll Road. Improvements over the past few years to IH-45 from its interchange with the Sam Houston

***Toll Road Authority Enterprise Fund of Harris County, Texas
Management's Discussion and Analysis
Year Ended February 28, 2014
(Unaudited)***

Tollway-West/North Section/Sam Houston Parkway to FM 1960 have enhanced mobility along that segment of the highway.

- Metro, a regional transit authority, currently operates an extensive bus fleet serving Harris County and all of the City of Houston. Metro offers “park-and-ride” services, which include free automobile parking at suburban Metro lots and bus service to and from Houston’s central business district in competition with the Hardy Toll Road. Metro’s “park-and-ride” service from its most distant lot near the intersection of IH-45 and FM 1960 to downtown Houston, utilizing IH-45’s free “authorized vehicle lane”, competes for a portion of the traffic that could otherwise be expected to utilize the Hardy Toll Road. The “park-and-ride” services along IH-10 competes for a portion of the traffic that could otherwise be expected to utilize the Katy Managed Lanes.

Proposed Agreement between Harris County and the Texas Department of Transportation:

It has been proposed that the County will transfer ownership and/or all responsibility for operation, maintenance, and enforcement of the Katy Managed Lanes to the State of Texas. The County and TxDOT will work to complete this transfer by December 31, 2014, and the transfer documents will provide for the County to be reimbursed for its contribution to the Katy Managed Lanes project by retaining one third of tolls paid by EZ TAG customers for use of the Katy Managed Lanes. The County’s right to retain tolls shall terminate once the County has been fully reimbursed for its contribution to the Katy Managed Lanes.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the Authority’s finances for all those with an interest in the Authority’s finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the County Auditor’s Office, 1001 Preston, Suite 800, Houston, Texas 77002, or visit the County’s website at www.co.harris.tx.us.

**TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization - The Harris County Toll Road Authority (the “Authority” or “Toll Road”) was created by Harris County, Texas, (the “County”) by order of the Harris County Commissioners Court on September 22, 1983, with the Commissioners Court designated as the governing body and the operating board of the Authority. The Authority is a department and fund of the County and is charged with overseeing the acquisition, construction, improvement, operation and maintenance of the County toll road facilities (the “Toll Road Project”). The Commissioners Court has full oversight responsibility for the Authority, and the Toll Road Project is an integral part of the County’s financial statements. Construction of the Hardy Toll Road, the Sam Houston Tollway, Westpark Tollway and Spur 90A Tollway and acquisition of the Jesse H. Jones Toll Bridge, now referred to as the “Sam Houston Ship Channel Bridge” (the “Toll Roads”) have been financed with a combination of unlimited tax and subordinate lien revenue bonds and senior lien revenue bonds. When all of the debt service, as discussed in Note 7, has been paid or provided for in a trust fund, the Toll Roads will become a part of the State of Texas Highway System.

Implementation of New Standards - In the current year, the Authority implemented the following standards issued by the Governmental Accounting Standards Board (“GASB”):

GASB Statement 61, *The Financial Reporting Entity: Omnibus-an amendment of GASB Statements No. 14 and No. 34* (“GASB 61”), which modifies certain requirements for inclusion of component units in the financial reporting entity, amends the criteria for reporting component units as if they were part of the primary government (that is, blending) in certain circumstances and clarifies the reporting of equity interests in legally separate organizations. Implementation of GASB 61 did not have an impact on the Authority’s financial disclosures.

GASB Statement 65, *Items Previously Reported as Assets and Liabilities* (“GASB 65”), establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources and deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. Implementation of GASB 65 is reflected in the financial statements and notes to the financial statements.

Also, with this implementation deferred charges, which consisted of bond issuance costs and were amortized over the term of the bonds, are no longer recognized, but are recognized as expense in the period incurred. Therefore the beginning net position on the Statement of Activities has been adjusted to reflect the portion of deferred charges that were incurred in prior years.

	Amount
Net position - beginning	\$ 738,081,627
Adjustment for deferred charges	(18,565,978)
Net position - restated	\$ 719,515,649

GASB Statement 66, *Technical Corrections-2012-an amendment of GASB Statements No. 10 and No. 62* (“GASB 66”), seeks to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuances of two pronouncements, Statements No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 GASB and AICPA Pronouncements*. Implementation of GASB 66 is reflected in the financial statements and notes to the financial statements.

TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014

Basis of Presentation and Measurement Focus- The accompanying basic financial statements have been prepared on the full accrual basis of accounting as prescribed by the GASB. Full accrual accounting uses a flow of economic resources measurement focus.

The basic financial statements of the Authority consist of Management's Discussion and Analysis ("MD&A"), Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, Statement of Cash Flows, and Notes to the Financial Statements.

Enterprise Fund – Revenues are recognized in the period earned. The Authority's operating revenues are derived from charges to users of the Toll Roads in the County. When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources to the extent they are needed.

Expenses are recognized in the period incurred. The Authority's operating expenses consist primarily of direct charges attributable to the operations of the Authority, including depreciation. Interest expense and other similar charges not directly related to the Authority's operations are reported as non-operating expenses.

Deposits and Investments – Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date of 90 days or less from date of purchase. All investments are recorded at fair value based upon quoted market prices as of the Authority's fiscal year end, with the difference between the purchase price and market price being recorded as investment income.

Restricted Assets and Restricted Net Position– Certain assets of the Authority are required to be segregated under terms of various bond indentures. These assets are legally restricted for certain purposes, including operations and maintenance, debt service and construction. The Authority purchased surety policies to satisfy certain reserve fund requirements. During the fiscal year ended February 28, 2014, the Authority was in compliance with these covenants.

In the financial statements, restricted net position is reported for amounts that are externally restricted by 1) creditors (eg. bond covenants), grantors, contributors, or laws and regulations of other governments or 2) law through constitutional provision or enabling legislation.

Inventories – Inventory is stated at the lower of cost or market value, using the first-in, first-out method. EZ tags are recorded as inventory based on the number of tags by type (sticker, license plate, or motorcycle) as of February 28, 2014 multiplied by the cost per tag type.

Capital Assets – Capital assets include land, construction in progress, intangibles, buildings, equipment and infrastructure that are used in the Authority's operations and benefit more than a single fiscal year. Infrastructure assets are long-lived assets that are generally stationary in nature and can typically be preserved for a significantly greater number of years than other capital assets. Infrastructure assets of the Authority include roads, bridges and right-of-way.

Capital assets of the Authority are defined as assets with individual costs of \$5,000 or more and estimated useful lives in excess of one year. Exceptions to the \$5,000 capitalization threshold are as follows: all land other than easements is capitalized; easements greater than \$100,000 are capitalized. Purchased software greater than \$100,000 is capitalized and internally developed software greater than \$1,000,000 is capitalized. The threshold for capitalizing buildings is \$100,000 and the threshold for infrastructure ranges from \$25,000 to \$250,000, depending on the asset.

All capital assets are stated at historical cost or estimated fair value at the date of purchase. Donated fixed assets are stated at their estimated fair value on the date donated. Depreciation is computed using the

TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014

straight-line method over the estimated useful life of the asset ranging from 3 to 45 years. Infrastructure is depreciated over a 30-year useful life. Equipment is depreciated over 3 to 20 years, depending on the type. Buildings are depreciated over 45 years. Amortization of the intangible license agreement is based upon the revenues received and will continue until the license is fully amortized.

On December 17, 2002, the Commissioners Court authorized a tri-party agreement among Harris County (acting through the Harris County Toll Road Authority), Texas Department of Transportation, and Federal Highway Administration to participate in the reconstruction portion of the IH10 Katy Freeway. Under this agreement, the Authority funded \$237.5 million for the license to the real property for the right to operate the Toll Facility and paid an additional \$12.5 million for the design and construction, and other allowable expenses related to the Toll Facility. The Toll Facility may revert to the State when the County has been fully paid the reimbursement from revenue or upon payment by the State to the County of an amount equal to the difference between the total amount of the reimbursement and the actual amount paid to the County as of the date of such reversion.

The Authority capitalizes, as a cost of its constructed property, the interest expense and certain other costs of bonds issued for construction purposes less the interest earned on the proceeds of those bonds from the date of the borrowing until the date the property is ready for use. All interest expense, interest earnings and the amortization of related bond costs were capitalized until September 1987 when the first of four sections of the Toll Road were opened for operations. Prior to fiscal year 2001, net interest and other bond costs have been capitalized based on the percentage of miles of the uncompleted sections to the total miles of the project. Since fiscal year 2001, interest had been capitalized based on the weighted average accumulated expenses multiplied by the weighted average interest rate. Such capitalization increased the total cost of assets constructed by the Toll Road Project by \$3,452,769 during fiscal year 2014.

Contributions – Federal, State or other government contributions to the Toll Road project are recognized based on the project percentage of completion.

Premiums (Discounts) on Bonds Payable - Premiums (discounts) on bonds payable are amortized using the effective interest method over the term of the bonds.

Risk Management - The Authority's risk-of-loss exposures include exposure to liability and accidental loss of real and personal property as well as human resources. Toll Road operations involve a variety of high-risk activities including, but not limited to, cash collections, construction and maintenance activities. The County's Office of Risk Management is responsible for identifying, evaluating and managing the Authority's risk in order to reduce the exposure from liability and accidental loss of property and human resources. The Authority is treated as a County department by the County's Risk Management Office and is assessed premiums and charges similar to those assessed to other County departments.

The Authority is covered by the Harris County workers' compensation program. The County is self-insured for workers' compensation medical and indemnity payments. Claims adjusting services are provided by a third-party administrative claims adjusting service. Interfund premiums on workers' compensation are determined by position class code, at actuarially determined rates.

The County has excess insurance coverage for employer's liability. No claims settled during the last three fiscal years have exceeded this coverage.

Through the County, the Authority provides medical, dental, vision and basic life and disability insurance to eligible employees. The Authority pays the full cost of employee coverage and 50% of the cost of dependent premiums. The disability insurance will pay up to 50% of an employee's salary for two years with an employee option to extend the benefits period to age 65 and increase the percentage to 60%.

TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014

The Authority's group insurance premiums, as well as employee payroll deductions for premiums for dependents and optional coverage, are paid into the County's Health Insurance Management Fund, which in turn makes disbursements to contracted insurance providers based upon monthly enrollment and premium calculations.

Billings to the Authority for property insurance, professional liability insurance and crime and fidelity policies are handled through the County's Risk Management Fund as are payments to the insurance carriers. Claim payments made up to the deductible limit are expensed by the Authority when paid by the Risk Management Fund. Payments for the Authority's general, vehicle and property damage liability claims, for which the County is self-insured, are made through the Risk Management Fund and billed to the Authority.

Compensated Absences - Accumulated compensatory absences are recorded as an expense and liability as the benefit accrues for the employee.

Employees accrue 9.75 days of sick leave per year. Sick leave benefits are recognized as they are used by the employees. Employees may accumulate up to 720 hours of sick leave. Unused sick leave benefits are not paid at termination. Employees accrue from three to ten hours of vacation per pay period depending on years of service and pay period type, standard versus extra. Employees may accumulate from 120 to 280 hours of vacation benefits, depending on years of service. Upon termination, employees are paid the balance of unused vacation benefits.

Non-exempt employees earn compensatory time at one and one-half times their full pay times the excess of 40 hours per week worked. The compensatory time balance for non-exempt employees may not exceed 240 hours. Hours in excess of the 240-hour maximum must be paid to the non-exempt employee. The compensatory time for non-exempt employees is earned at time and a half and is paid at the regular rate of pay. Upon termination, non-exempt employees will be paid for compensatory time at their wage rate at time of termination. Exempt employees earn compensatory time at their regular rate of pay for hours worked in excess of 40 hours a week. Exempt employees can accumulate up to 240 hours of compensatory time. Upon termination, exempt employees are paid one-half of the compensatory time earned at the wage rate at time of termination. Compensatory time is carried forward indefinitely.

Statements of Cash Flows – All highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered to be cash equivalents.

Deferred Outflows/Inflows of Resources – In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Authority's deferred outflows consist of deferred charge on refundings and the changes in fair value of the Toll Road's hedging derivative instruments that are applicable to future reporting periods. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded debt or refunding debt.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority's deferred inflows consist of the changes in fair value of the Toll Road's hedging derivative instruments that are applicable to future reporting periods.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported

TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014

amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

2. DEPOSITS AND INVESTMENTS

Deposits: Chapter 2257 of the Texas Government Code is known as the Public Funds Collateral Act. This act provides guidelines for the amount of collateral that is required to secure the deposit of public funds. Federal Depository Insurance (FDIC) is available for funds deposited at a financial institution up to a maximum of \$250,000 each for demand deposits, time and savings deposits, and deposits pursuant to indenture. The Public Funds Collateral Act requires that the deposit of public funds be collateralized in an amount not less than the total deposit, reduced by the amount of FDIC insurance available.

The custodial credit risk for deposits is the risk that the Authority will not be able to recover deposits that are in the possession of an outside party. Deposits are exposed to custodial credit risk if they are not insured or collateralized. At February 28, 2014, the balance per various financial institutions was \$209,360,025. The Authority's deposits are not exposed to custodial credit risk since all deposits are either covered by FDIC insurance or an irrevocable standby letter of credit with the Federal Home Loan Bank of Dallas, in accordance with the Public Funds Collateral Act.

Investments: Chapter 2256 of the Texas Government Code is known as the Public Funds Investment Act. This act authorizes Harris County to invest its funds pursuant to a written investment policy which primarily emphasizes the safety of principal and liquidity, addresses investment diversification, yield, and maturity.

The Harris County Investment policy is reviewed and approved annually by Commissioners Court. The Investment Policy includes a list of authorized investment instruments, a maximum allowable stated maturity by fund type, and the maximum weighted average maturity of the overall portfolio. Guidelines for diversification and risk tolerance are also detailed within the policy. Additionally, the policy includes specific investment strategies for fund groups that address each group's investment options and describes the priorities for suitable investments.

AUTHORIZED INVESTMENTS

Funds of Harris County (including Authority funds) may be invested as authorized by the Public Funds Investment Act which is located in Chapter 2256 of the Texas Government Code. Allowable investments include:

1. Direct obligations of the United States, its agencies and instrumentalities.
2. Other obligations, the principal and interest of which are unconditionally guaranteed, insured or backed by the full faith and credit of the State of Texas, the United States, or any obligation fully guaranteed or fully insured by the FDIC.
3. Direct obligations of the State of Texas or its agencies provided the agency has the same debt rating as the State of Texas.
4. Obligations of states, agencies, counties, cities, and other political subdivisions located in the United States, rated not less than A, or its equivalent, by a nationally recognized investment rating firm.
5. Fully insured or collateralized certificates of deposit/share certificates issued by state and national banks, or a savings bank, a state or federal credit union (having its main or branch office in Texas)

TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014

guaranteed or insured by the FDIC or its successor; and secured by obligations in number 1 above. In addition to the County's authority to invest funds in certificates of deposit and share certificates as stated above, made in accordance with the following conditions is an authorized investment under Texas Gov't. Code Section 2256.010(b): (1) the funds are invested by the County through a clearing broker registered with the Securities and Exchange Commission (SEC) and operating pursuant to SEC rule 15c3-3 (17 C.F.R. Section 240.15c3-3) with its main office or branch office in Texas and selected from a list adopted by the County as required by Section 2256.025; or a depository institution that has its main office or a branch office in this state and that is selected by the County; (2) the broker or the depository institution selected by the County arranges for the deposit of the funds in certificates of deposit in one or more federally insured depository institutions, wherever located, for the account of the County; (3) the full amount of the principal and accrued interest of each of the certificates of deposit is insured by the United States or an instrumentality of the United States; (4) the broker or depository institution selected by the County acts as custodian for the County with respect to the certificates of deposit issued for the account of the County.

6. Fully collateralized repurchase agreements (provided the County has on file) a signed Master Repurchase Agreement detailing eligible collateral, collateralization ratios, standards for collateral custody and control, collateral valuation, and conditions for agreement termination. The repurchase agreement must have a defined termination date and be secured by obligations in number 1 above. It is required that the securities purchased as part of the repurchase agreement must be assigned to the County, held in the County's name, and deposited at the time the investment is made with the County's custodian or with a third-party approved by the County. Securities purchased as part of a repurchase agreement shall be marked-to-market no less than weekly. All repurchase agreements must be conducted through a primary government securities dealer as defined by the Federal Reserve or a financial institution doing business in Texas. Maturities shall be limited to 90 days. The 90-day limit may be exceeded in the case of flexible repurchase agreements ("flex repos") provided the investment type is specifically authorized within individual bond ordinances and final maturity does not exceed the anticipated spending schedule of bond proceeds.
7. Securities lending programs if the loan is fully collateralized, including accrued income, by securities described in Texas Gov't. Code, Section 2256.009, by irrevocable bank letters of credit issued by a bank under the laws of the United States or any other state, continuously rated not less than A by at least one nationally recognized investment rating firm, or by cash invested in accordance with the Investment Act. Securities held as collateral must be pledged to the investing entity, held in the investing entity's name, and deposited at the time the investment is made. A loan must be placed through a primary government securities dealer or a financial institution doing business in Texas. A loan must allow for termination at any time and must have a term of one year or less.
8. Commercial paper with a stated maturity of 270 days or less from the date of issuance, rated A-1 or P-1 or an equivalent rating by at least two nationally recognized agencies, and not under review for possible downgrade at the time of purchase.
9. Local government investment pools with a dollar weighted average maturity of 60 days or less, approved through resolution of County Commissioners to provide services to the County, continuously rated no lower than AAA or equivalent by at least one nationally recognized rating service. The County may not invest an amount that exceeds 10 percent of the total assets of any one local government investment pool. On a monthly basis, the Investment Officer shall review a list of securities held in the portfolio of any pool in which County funds are being held. To be eligible to receive funds from and invest funds on behalf of the County an investment pool must furnish to the Investment Officer or other authorized representative an offering circular or other similar disclosure instrument that contains information required by Tex. Gov't. Code Sec. 2256.016. Investments will be

TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014

made in a local government investment pool only after a thorough investigation of the pool and review by the Finance Committee.

10. A Securities and Exchange Commission (SEC) registered, no load money market mutual fund which has a dollar weighted average stated maturity of 60 days or less and whose investment objectives includes the maintenance of a stable net asset value of \$1 for each share. Furthermore, it must be rated not less than AAA or equivalent by at least one nationally recognized rating service and the County must be provided with a prospectus and other information required by the SEC Act of 1934 or the Investment Company Act of 1940. The County may not invest an amount that exceeds 10 percent of the total assets of any one fund. Investments will be made in a money market mutual fund only after a thorough investigation of the fund and review by the Finance Committee.

Summary of Cash and Investments

The Authority's cash and investments are stated at fair value. The following is a summary of the Authority's cash and investments at February 28, 2014.

	Totals
Cash and Cash Equivalents	\$ 180,591,858
Investments	731,893,594
Restricted Cash and Cash Equivalents	49,069,574
Restricted Investments	259,208,009
Total Cash and Investments	\$ 1,220,763,035

The table below indicates the fair value and maturity value of the Authority's investments as of February 28, 2014, summarized by security type. Also demonstrated are the percentages of the total portfolio, the weighted average modified duration in years, and the credit ratings for each summarized security type.

RISK DISCLOSURES

Interest Rate Risk: All investments carry the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the County manages its exposure to interest rate risk is by purchasing a combination of shorter and longer term investments and by matching cash flows from maturities so that a portion of the portfolio is maturing evenly over time as necessary to provide the cash flow and liquidity needed for operations.

According to the County investment policy, no more than 50% of the portfolio, excluding those investments held for construction/capital projects, special revenue, flood control, proprietary and enterprise, Public Improvement Contingency, District Clerk Registry, County Clerk Registry, and bond reserves may be invested beyond three years. Additionally at least 15% of the portfolio, excluding those investments held for future major capital expenditures, debt service payments, bond fund reserve accounts, and capitalized interest funds, is invested in overnight instruments or in marketable securities which can be sold to raise cash within one day's notice. Overall, the average maturity of the portfolio, with the previous exceptions, shall not exceed three years. As of February 28, 2014, the Authority was in compliance with all of these guidelines to manage interest rate risk.

**TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014**

Credit Risk and Concentration of Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The County mitigates these risks by emphasizing the importance of a diversified portfolio. All funds must be sufficiently diversified to eliminate the risk of loss resulting from over-concentration of assets in a specific maturity, a specific issuer, or a specific class of securities. In particular, no more than 25% of the overall portfolio may be invested in time deposits, including certificates of deposit, of a single issuer. Concentration by issuer for other investment instruments is not specifically addressed in the investment policy. However, the policy does specify that acceptable investment instruments must have high quality credit ratings and, consequently, risk is minimal.

The County's investment policy establishes minimum acceptable credit ratings for certain investment instruments. Securities of states, agencies, counties, cities and other political subdivisions must be rated as to investment quality by a nationally recognized investment rating firm as A or its equivalent. Money market mutual funds and public funds investment pools must be rated AAA or its equivalent by at least one nationally recognized rating firm.

Custodial Credit Risk: Investments are exposed to custodial credit risk if the investments are uninsured, are not registered in the County's name and are held by the counterparty. In the event of the failure of the counterparty, the County may not be able to recover the value of its investments that are held by the counterparty. As of February 28, 2014, all of the Authority's investments are held in the County's name.

Foreign Currency Risk: Foreign currency risk is the risk that fluctuations in the exchange rate will adversely affect the value of investments denominated in a currency other than the US dollar. The County Investment Policy does not list securities denominated in a foreign currency among the authorized investment instruments. Consequently, the Authority is not exposed to foreign currency risk.

FUND INVESTMENT CONSIDERATIONS

The Investment Policy outlines specific investment strategies for each fund or group of funds identified on the Harris County and Authority's financial statements. The two investment strategies employed by Harris County are the Matching Approach and the Barbell Approach. The Matching Approach is an investment method that matches maturing investments with disbursements. Matching requires an accurate forecast of disbursement requirements. The Barbell Approach is an investment method where maturities are concentrated at two points, one at the short end of the investment horizon and the other at the long end. The investment strategies and maturity criteria are outlined in the following table.

Fund Type	Investment Strategy	Maximum Maturity Per Policy (Years)	Maturity Amount	Average Remaining Years To Maturity
Toll Road Project Funds	Matching/Barbell	6	\$ 435,610,000	5.42
Toll Road Debt Service	Matching/Barbell	6	296,092,938	1.55
Toll Road Renewal/Replacement	Matching/Barbell	6	158,095,000	3.26
Toll Road Bond Reserve	Matching	Maturity of the bonds	99,930,000	14.10
Money Market Mutual Funds	N/A	N/A	225,812,438	N/A
			\$ 1,215,540,376	

Note: Money Market Mutual Funds are excluded from the various fund types, which may affect the average remaining days to maturity.

7. LONG-TERM LIABILITIES

The Authority has financed the Toll Road Projects with a combination of unlimited tax and subordinate lien revenue bonds, senior lien revenue bonds, and commercial paper. The proceeds from such bonds, including the interest earned thereon, are being used to finance the construction costs, the related debt service, and a portion of the maintenance and operating expenses.

Changes in the Authority's Long-Term Liabilities for fiscal year 2013-2014 were as follows:

	Outstanding March 1, 2013	Issued/ Increased	Paid/ Decreased	Outstanding February 28, 2014	Due Within One Year
Senior Lien Revenue Bonds	\$ 1,988,000,000	\$ -	\$ (58,090,000)	\$ 1,929,910,000	\$ 53,795,000

B. Covenants and Conditions

The Senior Lien Revenue Bonds are payable from operating revenues generated from the Toll Roads. The Tax Bonds are secured by and payable from a pledge of the County's unlimited ad valorem taxing power and are also secured by a pledge of and lien on the revenues of the Toll Roads, subordinate to the lien of the Senior Lien Revenue Bonds. The Authority has covenanted to assess a maintenance tax to pay project expenses if revenues, after paying debt service, are insufficient. The Authority also has covenanted to collect tolls to produce revenues at the beginning of the third fiscal year following completion of the Toll Roads equal to at least 1.25 times the aggregate debt service on all Senior Lien Revenue Bonds accruing in such fiscal year. The 1.25 revenue coverage covenant went into effect during fiscal year 1994. The revenue coverage ratio was 4.54 as of February 28, 2014.

C. Debt Service Requirements

Total interest expense was \$92,818,557 for the fiscal year. The following are the debt service requirements for bonds payable:

D. Unissued Authorized Bonds

In an election held on September 13, 1983, the voters of the County endorsed using toll roads to alleviate the County's traffic problems by authorizing the County to issue up to \$900,000,000 of bonds secured by a pledged of its unlimited ad valorem taxing power. As of February 28, 2014, the unissued authorized bonds for the toll road project are \$15,148,000.

E. Defeasance of Debt

In the current year and prior years, the Authority has defeased certain bonds by placing the proceeds of the refunding bonds in an irrevocable trust to provide for all future debt service on the refunded bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the financial statements. As of February 28, 2014, the outstanding principal balance of these defeased bonds was \$2,202,479,000.

F. Debt Issuances

On April 5, 2013, Citibank released \$3 million of the \$27.3 million of the \$45 million Federal National Mortgage ("FNMA") note pledged as collateral on August 29, 2012.

On April 8, 2013, JP Morgan Chase N.A released \$2.02 million of the \$17.7 million of the \$45 million FNMA note pledged as collateral on August 29, 2012.

On April 18, 2013, the County recalled the \$19.3 million FNMA note with a \$45 million par pledged on August 29, 2012 to Citibank and replaced it with \$19.3 million of a Federal Home Loan Mortgage Corporation ("FHLMC") note with a \$40 million par.

On April 18, 2013 the County recalled the \$10.63 million FNMA note with a \$45 million pledged on August 29, 2012 to JP Morgan Chase N.A. and replaced it with \$10.63 million of a Federal Home Loan Bank ("FHLB") note with a \$40 million par.

On May 16, 2013 the County recalled the \$10 million FNMA note pledged on August 29, 2012 pledged to Citibank and replaced it with \$10 million of a FNMA note with a \$20 million par.

On June 5, 2013, the County recalled \$4 million of the collateral note pledged on April 18, 2013 to JP Morgan Chase N.A.

On June 5, 2013, the County recalled \$9 million of the collateral note pledged on April 18, 2013 to Citibank.

TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014

On July 2, 2013, the County recalled \$2.5 million of the collateral note pledged on April 18, 2013 and \$2.5 million of the collateral note pledged on May 16, 2013 to Citibank.

On July 2, 2013, the County recalled \$3.095 million of the collateral note pledged on April 18, 2013 to JP Morgan Chase N.A.

On September 4, 2013, Citibank released \$2.0 million of the collateral note pledged on April 18, 2013.

On September 4, 2013, Citibank released \$2.0 million of the collateral note pledged on May 16, 2013.

On September 4, 2013, JP Morgan Chase N.A released \$2.08 million of the collateral note pledged on April 18, 2013.

On September 25, 2013, the County pledged \$0.5 million FHLB note to JP Morgan Chase N.A to cover the collateral threshold shortfall on the \$72,785,000 interest rate swap for the Series 2007B bonds.

On October 1, 2013, the County pledged \$1 million FNMA note to Citibank to cover the collateral threshold shortfall on the \$199,915,000 interest rate swap for the Series 2012A&B bonds.

On October 18, 2013, the County pledged \$0.5 million FHLB note to JP Morgan Chase N.A to cover the collateral threshold shortfall on the \$72,785,000 interest rate swap for the Series 2007B bonds.

On October 23, 2013 the County pledged \$0.5 million FHLB note to JP Morgan Chase N.A to cover the collateral threshold shortfall on the \$72,785,000 interest rate swap for the Series 2007B bonds.

On November 1, 2013, the County pledged \$1.0 million FNMA note to Citibank to cover the collateral threshold shortfall on the \$199,915,000 interest rate swap for the Series 2012A&B bonds.

On November 1, 2013, the County pledged \$0.5 million FHLMC note to Citibank to cover the collateral threshold shortfall on the \$72,785,000 interest rate swap for the Series 2007B bonds.

G. Commercial Paper

In addition to the outstanding long-term debt of the Authority, the Commissioners Court has established a commercial paper program secured by and payable from Toll Road revenues. The commercial paper program consists of Harris County Toll Road Senior Lien Revenue Notes, Series E (“Notes”) in an aggregate principal amount not to exceed \$200 million outstanding at any one time. As of February 28, 2014, the Toll Road has no outstanding commercial paper and there was no commercial paper activity during the year ended February 28, 2014.

The purpose of the Series E Notes is to provide funding for costs of acquiring, constructing, operating and maintaining, and improving Toll Road Project components, as well as to fund reserves, pay interest during construction, refinance, refund, and renew the notes themselves, and fund issuance costs.

H. Arbitrage Rebate Liability

The Tax Reform Act of 1986 established regulations for the rebate to the federal government of arbitrage earnings on certain local government bonds issued after December 31, 1985, and all local governmental bonds issued after August 31, 1986. Issuing governments must calculate any rebate due and remit the amount due at least every five years. There were no arbitrage rebate payments made during fiscal year 2014. As of February 28, 2014 there were no estimated liabilities for arbitrage rebate on enterprise debt.

TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014

I. Interest Rate Swap

The County entered an interest rate swap with Citibank, N.A., New York, relating to the Toll Road Authority, Series 2012A and Series 2012B, and the Senior Lien Revenue Refunding Bonds, Series 2007B. The County entered an interest rate swap with JPMorgan Chase Bank, National Association, relating to the Senior Lien Revenue Refunding Bonds, Series 2007B. The purpose of the swaps was to create a fixed cost of funds on certain maturities of the related bonds that is lower than the fixed cost achievable in the cash bond market.

Terms:

8. COMPENSATED ABSENCES PAYABLE

Changes in long-term compensated absences for the year ended February 28, 2014 were as follows:

<u>March 1, 2013</u>	<u>Earned</u>	<u>Paid</u>	<u>February 28, 2014</u>	<u>One Year</u>
\$ 1,036,855	\$ 522,275	\$ (549,533)	\$ 1,009,597	\$ 615,854

9. RETIREMENT PLAN

Plan Description - The County provides retirement and disability benefits for all of its employees (excluding temporary) through a non-traditional, defined benefit pension plan in the statewide Texas County and District Retirement System (“TCDRS”). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of 656 non-traditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report (“CAFR”) on a calendar-year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

Under the state law governing TCDRS enacted in 1991, effective January 1, 1992 the County selected a plan of benefits to provide in the future, while at the same time considering the level of the employer contribution rate required to adequately finance the plan. Effective January 1, 1995, the County adopted an annually determined contribution rate plan, for which the employer contribution rate is actuarially determined as a part of the annual actuarial valuation. The rate, applicable for a calendar year, consists of the normal cost contribution rate plus the rate required to amortize the unfunded actuarial liability over the remainder of the plan’s 20-year amortization period which began January 1, 1995 using the entry age actuarial cost method. Monthly contributions by the County are based on the covered payroll and the employer contribution rate in effect. The contribution rate for calendar year 2014 is 12.43%. The contribution rates for calendar years 2013 and 2012 were 11.59% and 10.67%, respectively.

The plan provisions are adopted by the Commissioners Court of the County, within the options available in the state statutes governing TCDRS (“TCDRS Act”). Members can retire at ages 60 and above with 8 or more years of service, with 30 years of service regardless of age or when the sum of their age and years of service equals 75 or more. Members are vested after eight years but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by the County.

Benefit amounts are determined by the sum of the employee’s contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the Commissioner’s Court of the County within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer’s commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee’s accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

Funding Policy - The County has elected the annually determined contribution rate (“ADCR”) plan provision of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the County based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the County is actuarially determined annually. The County contributed using an actuarial determined rate of 11.59% for the months of the calendar year in 2013, and 12.43% for the months of the calendar year in 2014.

TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014

The contribution rate payable by the employee members for 2013 and 2014 is the rate of 6% as adopted by Commissioner’s Court. The employee contribution rate and the employer contribution rate may be changed by Commissioner’s Court within the options available in the TCDRS Act.

The schedule of funding progress, presented as Required Supplemental Information (“RSI”) following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Annual Pension Cost - For the County’s fiscal year ended February 28, 2014, the annual pension cost for the TCDRS plan for its employees, including the Authority, was \$94,478,802 and the actual contributions for the Authority were \$3,767,024. (This excludes actuarial contributions of \$3,954,472 for Community Supervision, which is not considered a department or component unit of the County.) The annual required contributions were actuarially determined as a percent of the covered payroll of the participating employees and were in compliance with GASB Statement No. 27 parameters based on the actuarial valuations as of December 31, 2011 and December 31, 2012, the basis for determining the contribution rates for calendar years 2013 and 2014. The December 31, 2013 report is the most recent valuation.

The assumptions at December 31, 2013 summarized below included (a) 8.0 percent investment rate of return (net of administrative expenses), and (b) projected salary increases of 4.9 percent. Both (a) and (b) included an inflation component of 3.0 percent. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period.

UAAL as Percentage of Covered Payroll	62.76%

10. OTHER POST EMPLOYMENT BENEFITS

THE PLAN:

Plan Description

Harris County administers an agent multiple-employer defined benefit post employment healthcare plan that covers retired employees of participating governmental entities. The plan provides medical, dental, vision, and basic life insurance benefits to plan members. Local Government Code Section 157.101 assigns the authority to establish and amend benefit provisions to Commissioner's Court.

Membership in the plan at March 1, 2013, the date of the latest actuarial valuation, consists of the following:

Retirees and beneficiaries receiving benefits	4,253
Active plan members	13,422
Number of participating employers	5

Summary of Significant Accounting Policies

Basis of Accounting. The Plan's transactions are recorded using the accrual basis of accounting. Plan member and employer contributions are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable.

Method Used to Value Investments. Investments are reported at fair value, which is based on quoted market prices with the difference between the purchase price and market price being recorded as earnings on investments.

Contributions

Local Government Code Section 157.102 assigns to Commissioner's Court the authority to establish and amend contribution requirements of the plan members and the participating employers. The following tables present the criteria for the employers' contribution to the retiree's and qualifying dependent's benefits:

Retired Prior to March 1, 2002:

Years of Service	10 yrs.	9 yrs.	8 yrs.	< 8yrs. with proportionate service and/or disability
Retiree - Employer Share	100%	90%	80%	50%
Retiree - Retiree Share	0%	10%	20%	50%
Dependent - Employer Share	50%	45%	40%	25%
Dependent - Retiree Share	50%	55%	60%	75%

**TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014**

Retired or Eligible to Retire Prior to March 1, 2011:

Employee's age plus years of service	75	75	70-74	< 70	N/A
Years of service	10	8-9	8	4-7	< 4
Consecutive service years at retirement	4	4	4	4	N/A
Retiree - Employer Share	100%	80%	80%	50%	0%
Retiree - Retiree Share	0%	20%	20%	50%	100%
Dependent - Employer Share	50%	40%	40%	25%	0%
Dependent - Retiree Share	50%	60%	60%	75%	100%

Eligible to Retire March 1, 2011 or After:

A combination of age plus a minimum of 10 years of non-forfeited Harris County/TCDRS service equal to 80 or at least age 65 with a minimum of 10 years of non-forfeited Harris County/TCDRS service to receive 100% County contributions for retiree coverage and 50% for dependent coverage.

Employees Hired on or After March 1, 2007:

A combination of age plus a minimum of 20 years of non-forfeited Harris County/TCDRS service equal to 80 or at least age 65 with a minimum of 15 years of non-forfeited Harris County/TCDRS service to receive any County contributions for retiree or dependent coverage.

Effective March 1, 2012:

Harris County pays no more for retiree healthcare than the premium it pays for active employees for each rate tier structure (retiree only, retiree + spouse, retiree + child, retiree + 2 or more dependents). As a result all non-Medicare retirees pay an additional amount for their coverage regardless of their retirement date.

The Plan rates are set annually by Commissioner's Court based on the combination of premiums and costs of the self-funded portion of the plan. The Plan is funded on a pay-as-you-go basis. For the year ended February 28, 2014, plan members or beneficiaries receiving benefits contributed \$9.53 million, or approximately 22.2 percent of total benefits paid during the year. Participating employers contributed \$33.47 million. The total contributions for the year ended February 28, 2014 were \$43.00 million. Total contributions included actual medical claims paid, premiums for other insurance and administrative costs calculated through an annual rate calculation.

THE EMPLOYER:

Annual OPEB Cost

For 2014, the County's annual OPEB cost (expense) was \$103,016,414 (including Toll Road of \$4,203,472) for the post employment healthcare plan. The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the fiscal year ended February 28, 2014 were as follows:

**TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014**

Annual Required Contribution	\$ 109,456,719
Add interest on Net OPEB Obligation	14,448,163
Less adjustment to Annual Required Contribution	(20,888,468)
Annual OPEB Cost	103,016,414
Less Contributions made	(33,473,572)
Change in Net OPEB Obligation	69,542,842
Net OPEB Obligation, beginning of the year	361,204,066
Net OPEB Obligation, end of the year	\$ 430,746,908

Trend Information:

Fiscal Year Ended	Annual OPEB Cost	Employer Contribution	Percentage of Annual OPEB Cost Contributed	Net Ending OPEB Obligation
2/29/2012	\$ 92,618,903	\$ 38,812,133	42%	\$ 307,602,994
2/28/2013	91,773,629	38,172,557	42%	361,204,066
2/28/2014	103,016,414	33,473,572	32%	430,746,908

The above tables include information for the 5 participating employers to the agent multiple-employer defined benefit post employment healthcare plan that the County administers. Two of the employers, Emergency 911 and Community Supervision, are not considered departments or component units of the County. The net OPEB obligation for Emergency 911 and Community Supervision is \$716,073 and \$0 respectively for fiscal year 2013 and the net OPEB obligation for Emergency 911 and Community Supervision is \$854,515 and \$0 respectively at February 28, 2014. Toll Road's portion of the net OPEB obligation above is \$22,391,540.

Funded Status and Funding Progress. The funded status of the plan as of March 1, 2013 (most recent actuarial valuation) was as follows:

	All Participants	Toll Road Portion
Unfunded actuarial accrued liability (UAAL)	\$ 1,189,670,446	\$ 40,081,280
Funded ratio (actuarial value of plan assets/AAL)	0%	0%
Covered Payroll (active plan members)	\$ 776,162,676	\$ 30,958,782
UAAL as a percentage of covered payroll	153%	129%

The "All Participants" column in the above table includes UAAL of \$1,586,416 for Emergency 911 and UAAL of \$13,136,729 for Community Supervision.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. The actuarial assumptions used in calculating the County's UAAL and ARC are elaborated later in this note. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revisions as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are made on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan

TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014

members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. In order to perform the valuation, it was necessary for the County and the actuary to make certain assumptions regarding such items as rates of employee turnover, retirement, and mortality, as well as economic assumptions regarding healthcare trend and interest rates.

In the March 1, 2013 actuarial valuation, a 4% discount rate was used. The medical trend rates of 7% for 2013 and 2014 graded down to an ultimate rate of 5% by 2017 were used per the actuary's best estimate of expected long-term plan experience. The economic assumptions used in this valuation implicitly assume a general inflation level of approximately 2.5%.

The actuarial cost method used in valuing the County's liabilities was the Projected Unit Credit Cost Method. Under this method the benefits of each individual included in the valuation were allocated by a consistent formula over the years. The amortization period and method utilized was 30 year level dollar open period.

Additional Disclosures

Texas Local Government Code, Chapter 175 requires counties to make available continued health benefits coverage under certain circumstances to retirees and their dependents beyond the end of an individual's employment with the County ("Continuation Coverage") by permitting covered employees to purchase continued health benefits coverage in retirement. Texas law does not require counties to fund all or any portion of such coverage.

Because the County is given the authority to pay OPEB for its retired employees, it may incur a debt obligation to pay for OPEB so long as the County follows the constitutional requirement that it have sufficient taxing authority available at the time such debt is incurred to provide for the payment of the debt and has in fact levied a tax for such purpose concurrently with the incurrence of the debt. Any debt incurred in contravention of this constitutional requirement is considered void and payment will not be due. Harris County has not incurred a legal debt obligation for OPEB and has not levied a tax for the same. The County funds the cost associated with OPEB on a current "pay as you go" basis for a single fiscal year through an annual appropriation authorized by Commissioner's Court during the County's annual budget adoption process.

GAAP requires governmental organizations to recognize an actuarially calculated accrued liability for OPEB, even though it may not have a legally enforceable obligation to pay OPEB benefits.

Information and amounts presented in the County's Comprehensive Annual Financial Report relative to OPEB expense/expenditures, related liabilities (assets), note disclosures, and supplementary information are only intended to achieve compliance with the requirements of generally accepted accounting principles (GASB 45) and does not constitute or imply that the County is legally obligated to provide OPEB benefits. The schedule of funding progress, presented as Required Supplementary Information, following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

11. COMMITMENTS AND CONTINGENCIES

Construction Commitments

The Authority is committed under various contracts in connection with the construction of Authority facilities, buildings, and roads of \$234,442,379.

**TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014**

Litigation and Claims

The Authority is involved in lawsuits and other claims in the ordinary course of operations. Although the outcome of such pending lawsuits and other claims are not presently determinable, management of the Authority believes that the resolution of these matters is not expected to have a materially adverse effect on the financial condition of the Authority. There are several civil cases that have resulted in settlements, consent decrees or are expected to have financial impact on the Authority in subsequent fiscal years.

Metro Agreement

An amended agreement between Metro and the County related to the Westpark Corridor was approved by Commissioners' Court on May 7, 2013. Per this agreement the County is obligated to reimburse Metro for certain increased project costs if incurred. The County's liability to Metro under the agreement shall not exceed the cap of \$41 million and the escalation thereof. Ad valorem taxes are irrevocably pledged to the payment.

12. TRANSFERS AND ADVANCES

The Commissioners Court approved a \$120 million annual allocation for funding of a County thoroughfare program to increase general mobility.

In September 2006, the Authority advanced \$26 million to the County's General Fund to cover the County's repayment of a long term note on behalf of the Harris County Sports & Convention Corporation. Repayment of the note plus interest by the Harris County-Houston Sports Authority to the County and subsequently to the Authority began in 2011 and will continue through 2020. The interfund borrowing was \$23 million at February 28, 2014.

13. REVENUE LEASES

Operating Leases

The Authority was the lessor in a lease of land for a construction staging area; there was lease revenue recognized in the amount of \$7,800. Also, the Authority was the lessor in a lease for signage. In the current year, there was lease revenue recognized in the amount of \$7,200.

There are contingent rentals which may be received under certain leases based on percentage of receipts. Contingent rentals amounted to \$11,700 in 2014.

14. RECENT ACCOUNTING PRONOUNCEMENTS

GASB Statement 67, *Financial Reporting for Pension Plans* ("GASB 67"), replaces the requirements of Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans* and Statement No. 50, *Pension Disclosures*, as they relate to pension plans that are administered through trusts or similar arrangements meeting certain criteria. GASB 67 enhances note disclosures and Required Supplementary Information ("RSI") for both defined benefit and defined contribution plans. GASB 67 will be implemented by the Authority in fiscal year 2015 and the impact has not yet been determined.

GASB Statement 68, *Accounting and Financial Reporting for Pensions* ("GASB 68"), replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers* and Statement No. 50, *Pension Disclosures*, as they relate to governments that provide pensions through pension plans administered as trusts or similar arrangements that meet certain criteria. GASB 68 will be implemented by the Authority in fiscal year 2016 and the impact has not yet been determined.

TOLL ROAD AUTHORITY ENTERPRISE FUND OF HARRIS COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2014

GASB Statement 69, *Government Combinations and Disposals of Government Operations* (“GASB 69”), establishes accounting and financial reporting standards related to government combinations and disposals of government operations. GASB 69 will be implemented by the Authority in fiscal year 2015 and the impact has not yet been determined.

GASB Statement 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees* (“GASB 70”), provides guidance to improve accounting and reporting by state and local governments that extend and receive nonexchange financial guarantees. GASB 70 will be implemented by the Authority in fiscal year 2015 and the impact has not yet been determined.

GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date* (“GASB 71”), is an amendment to Statement No. 68, *Accounting and Financial Reporting for Pensions*. GASB 71 eliminates the source of a potential significant understatement of restated beginning net position and expense in the first year implementation of Statement 68 in accrual basis financial statements. GASB 71 will be implemented by the Authority in fiscal year 2016 and the impact has not yet been determined.

- (a) Includes toll revenues collected for the Airport Connector.
- (b) Consist of EZ tag fees, video enforcement center deposits, unpaid tolls, bank debits and credits and replacement identification fees.
- (c) Revenue includes amounts attributable to the interoperability program with NTTA. In August, 2003 Commissioners Court approved an interlocal agreement that allows for tag patrons to use both the HCTRA and NTTA toll systems. The figures shown represent NTTA tag holders' usage on the HCTRA system and may include revenue from any segment of the system.
- (d) Implemented in February 2006, an interlocal agreement allows for tag patrons to use both the HCTRA and the TxTag administered by the Texas Transportation Commission. The figures shown represent TxTag tag holders' usage on the HCTRA system and may include revenue from any segment of the system.
- (e) Implemented in January 2008, an interlocal agreement allows for tag holders' usage to the HCTRA, NTTA, Central Texas Regional Mobility and TxDOT toll collections systems within the state. The figure shown represents toll collections attributable to the interoperability program with CTRMA.
- (f) Airport GT and Park opened August 2008 and the program was discontinued in June 2010.
- (g) Katy Managed Lanes opened in April 2009.
- (h) Sam Houston Tollway North/East opened in February 2011.
- (i) Beginning in FY2013, Metro issued EZ tags on their commuter vehicles. The figures represent tolls collected from Metro for their vehicles incurring tolls on the HCTRA system.

OPERATING FUNDS BUDGET FOR THE COUNTY'S FISCAL YEAR 2014-2015**

**Schedule 9
(Unaudited)**

On February 11, 2014 the Commissioners Court adopted the budget for the County for the Fiscal Year 2014-2015. The Fiscal Year 2015 budget included appropriations for some capital projects, which are financed from current revenues. The following is a summary of the Fiscal Year 2014-2015 budget for the County's Current Operating Fund:

Cash Balance as of March 1, 2014	\$ 394,109,377
Estimated Revenues:

* Prior to 2006, the smaller expenditure functions were grouped as other on this schedule.

(a) Beginning in FY 2006, the Administration of Justice function no longer included Community Supervision employees, who are currently considered employees of the State of Texas.

Note: (1) As of February 28, 2014, it is estimated that approximately 2,533 of the County's employees were members of various labor organizations, some of which are unions affiliated with the AFL-CIO. The County does not maintain collective bargaining agreements with any unions.

(2) This schedule represents the number of County employees at the end of each fiscal year.
